

HOUSEHOLD CLEANING PRODUCTS

Our subsidiary company dedicate ourselves in manufacturing, developing and marketing excellent quality washing powder, soap powder, dishwashing liquid, fabric conditioners and other household cleaning products.

We are not only active in producing our own brand but we also provide OEM services worldwide. We can provide them with the following services:

- Help customer to design and package their product according to their own preference in size and material (OPP/PE/PET).
- Produce product according to the environmental protection requirements per country of domicile.
- Ensure premium quality on all shipments.

Here are some of our brands:

Surely we look forward to serving you soon!
